

CAREER OPPORTUNITY: Building Inspector

START RATE: \$19.35 to \$21.89 DOQ plus a variety of payroll incentives for specific licenses.
AVAILABILITY: November 11, 2013 **APPLICATION CLOSING DATE:** October 25, 2013

Overview:

As part of a four inspector team, our Building Inspectors report to the Chief Building Inspector while performing inspections in multiple disciplines (building, plumbing, electrical and mechanical) for commercial and residential construction to ensure compliance with codes and zoning ordinances.

General duties include:

- Review residential building plans, specifications and performs on-site inspections to verify compliance with code requirements including zoning requirements.
- Requires corrections to be made when deficiencies exist and to ensure conformance with regulations.
- Keeps detailed records of inspections made and inspection results.
- Answers technical code questions and furnishes information to the public (citizens, builders, developers, architects and engineers) regarding the requirements of the adopted codes and zoning ordinances.
- Assists with the issuance of permits for construction and determination of applicable permit fees.
- Investigates complaints, issues court citations for violations, and attends court when violations are filed.
- Interacts with citizens, builders, developers, and design professionals regarding inquiries, complaints and recommendations.

REQUIRED EDUCATION, CERTIFICATES and/or LICENSES & EXPERIENCE:

A High School Diploma or equivalent is required. Certifications as a building, electrical, plumbing, mechanical, or combination inspector by a nationally recognized code body (International Code Council) are preferred but not required. A state of Texas Plumbing Inspector License is required for this position. Must have a valid Texas driver's license and driving record must be clear. Working knowledge of residential building/commercial construction including heating/air conditioning, plumbing systems and electrical systems are needed as well as a working knowledge of construction codes and ordinances, inspection methods, and legal procedures involving enforcement of building codes and ordinances.

**CURRENT COMBINATION INSPECTOR LICENSE PREFERRED AND
WILL TAKE PRECEDENCE IN OUR PROCESS.**
